Welcome to the Dasco NMSO security cabinet catalogue

Dasco Storage Solutions is 100% Canadian owned and operated, manufacturing all of our products at our head office in Brampton, Ontario, Canada. For more than 50 years, Dasco has set the standard for design, quality, workmanship and customer support. Our designs directly reflect our customers needs. After listening to customers and acknowledging their requirements, we build cabinets to suite many different environments and applications. If you'd like more information on products featured in this catalogue, visit dascostorage.com or contact a storage specialist.

Our vertically-integrated manufacturing allows us to reduce costs and maintain high-quality products. Our value-added services include:

- *Full metal fabrication*
- *Tool & die work*
- *Engineering & CAD design*
- *Powder coat paint line*
- *Final assembly*
- *Final packaging & inspection*

Secure Storage Cabinets

Dasco secure cabinets are modular for use in many applications. You'll see several examples of the different applications and products that can be securely stored in Dasco cabinets.

All Dasco secure cabinets come complete with:

- Bi-parting steel tambour door with secure cable
- S&G 8550 Series combination lock
- Internal locking mechanism
- Reinforced carbide envelope for inner lock box protection
- 1/2" (1.2 cm) Interior adjustment for components

Secure Storage Cabinets

Configure your Dasco cabinet:

- 1 Choose the items and how many of each you want to store in the cabinet
- 2 See pages 10, 11, 12, 18 & 19 for component options and the internal space required for each one
- 3 Calculate the total internal space required for all the components you chose
- 4 Choose the cabinet size by the INTERNAL useable height you require

If you have questions, please contact us. There's **no assembly required**.
info@dascostorage.com | 1 (800) 387-2468

Every Dasco cabinet features:

- S&G 8550 Series combination lock
- Internal locking mechanism
- Heavy-duty bi-parting steel tambour door
- Lift handles on each side of tambour door
- ½" (1.2 cm) increments for internal adjustments of components
- Four adjustable leveling feet
- Powder-coat Santex (textured) finish
- Standard colours: Beige, Black, White, Grey and Nevada Santex
- 10 Year limited warranty
- Hasp bar for padlocking provides greater security
- Heavy-gauge steel construction
- All welded joints – no rivets or screws
- Anti-pry bar

Powered cabinets also feature:

- 6-outlet power par (with surge protection)
- 550 CFM exhaust fan (mounted on top)
- Automatic ventilation system, which engages when door closes
- Inner cable security flap
- 110V wiring (220V available on request)
- Thermostat controls

Secure 2-Compartment

#050-00742

Each Individual Compartment:
16.0"W x 14.5"D x 4.5"H
(406 x 368 x 114mm)

Secure 6-Compartment

#050-00946

Each Individual Compartment:
5.25"W x 14.5"D x 4.5"H
(133 x 368 x 114mm)

Secure 3-Compartment

#050-00740

Each Individual Compartment:
10.25"W x 14.5"D x 4.5"H
(260 x 367 x 114mm)

Lock Options

- Wesko Tubular Lock
- Abloy Protec Lock

Ideal for checkpoints, outside secure areas or at security outposts. Store and secure laptops, tablets, cameras and more with compact individual cubbies.

Each cubbie can be secured with a Wesko or Abloy locks (locks extra). Keying options include keyed alike, keyed unique and keyed unique with a master key.

Non-Powered Storage Components

Multi-Media Roll-out Shelf

#050-00706

Each shelf comes complete with (8) front to back dividers and (9) compressor/flip dividers. Using the “star slot” system, you can easily customize the shelf to your application. Divide your shelf to store one or several media types by simply adjusting the dividers. Drawers are complete with heavy duty easy glide suspension arms for many years of service.

Capacity per drawer using one type of media:

Media	Capacity	Space Required per drawer
DLT/SDLT	78	5" (127mm)
LTO	93	5" (127mm)
4MM/DDS	225	3" (76mm)
8MM	126	3.5" (89mm)
CD/DVD (slim case)	390	6" (152mm)
CD/DVD (jewel case)	195	6" (152mm)

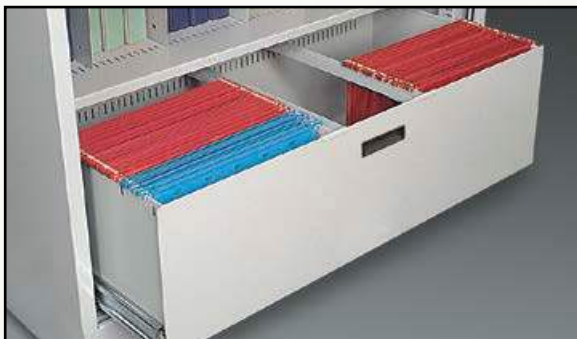

CD/DVD Roll-out Shelf

#050-00725 (NSN 7110-20-000-4034) **Space requirement:** 6.0" (152mm)

Up to 276 CD's or DVD's sit in their own slots on a slight angle to allow for finger flip filing. Each shelf comes complete with a CD/DVD insert that is removable and heavy duty easy glide suspension arms.

Note: 276 in Slim Line Case, 2 per slot. 138 in Jewel Case, 1 per slot.

Filing Bin Drawer

#050-00704 (NSN 7125-21-893-1437) **Space requirement:** 10.5" (267mm)
(32.5"W x 16.125"D x 9.5"H)

Our bin drawer allows filing of letter and legal hanging folders. With the use of floating file bars, you can divide the drawer to hold letter and legal together or 2 rows of letter. File bars included.

Locking Lid for Bin Drawer

#050-00720 **Space requirement:** 11.5" (292mm) (when used on a Bin Drawer)

Add a locking lid to a Bin Drawer and use the drawer for confidential files, personal items or costly supplies. Complete with an Abloy lock & keys.

Plain Roll-out Shelf

(050-00702) (NSN 7035-21-892-7409)

Space requirement: Depends on items stored

Store up items up to 200 lbs. with the re-enforced heavy-duty shelf, which also works with the back plate & 5-Divider set.

Non-Powered Storage Components

Roll-out Reference Shelf

#050-00726 (NSN 7110-21-000-4047) **Space requirement:** 2.5" (64mm)

A reference shelf is the perfect option when access to your cabinet is frequent. Whether you are retrieving files or cartridges, a reference shelf is convenient to open and use as a work surface to hold files or to write on.

Protective Matting

#050-90026

Add protective rubber matting to your roll-out shelf to protect your items and shelf from scratches, and to prevent slippage.

Plain Shelf

#050-00701 (NSN 7035-21-892-7407)

The plain shelf allows you to store ring binders, end tab file folders or anything else that requires a shelf. The optional back plate & 5 divider set **#050-00713** to go with the plain shelf gives you the perfect file shelf. Dividers are adjustable in 1/2" increments.

Back Plate & 5-Divider set

#050-00713 (NSN 7125-21-903-1396)

Space requirement:

3-Ring Binders - 13.5" (343mm) ■ End Tab Ltr/Lgl - 11.0" (279mm)

Mail Sorter Insert

#050-09065 **Space requirement:** 13.5" (343mm)

This sorter option allows you to sort and divide mail, documents and other stationery in up to as many as 9 pigeon holes.. Each sorter comes complete with 6 adjustable shelves that can be positioned in 1/2" increments. Each of the 3 compartments are 10.33" W x 11.31" H x 15.87" D (262mm x 287mm x 403mm). Also complete with label holders and required hardware.

Mailer Sorter Insert with Doors

#050-09073 **Space requirement:** 13.5" (343mm)

This sorter option with doors lets you secure your valuable in up to 9 pigeon holes. The sorter comes with 6 adjustable shelves that be be position in 1/2" increments. Complete with label holders and required hardware.

Floor Anchors

Any Dasco secure container can be anchored to the floor for additional security. Prevent the container from tipping or being re-located with anchors that are bolted to the base and floor.

22"D Container #050-97335

28"D Container #050-97300

31"D Container #050-97331

36"D Container #050-97336

Non-Powered Storage Components

Locks

Abloy Lock & 2 Keys 050-90001

Wesko Lock & 2 Keys 050-99001

Choose locks for an additional point of security. These locks are available on all lockable inserts, including the bin drawer lid and secure compartments.

High-Security 3-Compartment Insert

#050-90031 Space requirement: 5.0" (127mm)

Protect valuables with three high security compartments each outfitted with an Abloy lock and 2 keys. The heavy-gauge steel construction comes with perforated front doors to view inventory. Add one to your cabinet for extra security.

High-Security Single-Compartment Locker

#999-13095 Space requirement: 5.0" (127mm)

The new all-steel single compartment high-security Locker comes with a 3-point locking system and vented doors to keep your equipment secure with easy viewing capabilities. The compartment includes a rubber mat for gentle storage.

Low-Profile Bin Drawer

#999-13096 Space requirement: 6.0" (152.5mm)

The new low-profile bin drawer easily slides out of cabinets on full-suspension gliding arms. The bin drawer can be equipped with your choice of key to secure the lid and comes with a protective rubber mat. The front of the bin is perforated to view inventory.

Secure 2-Compartment

#050-00742 (NSN 7125-20-000-4041) Space requirement: 5.0" (127mm)

For larger laptops and notebooks we designed a 2-Compartment insert. Both compartments are secured with their own private lock and 2 keys. Each Individual Compartment: 16.0"W x 14.5"D x 4.5"H (406 x 368 x 114mm)

Secure 6-Compartment

#050-00946 Space requirement: 5.0" (127mm)

Secure many items such as camera's, cell phones and radio's. Ideal at security check points or outside secure rooms. All compartments are secured with their own private lock and 2 keys.

Each Individual Compartment: 5.25"W x 14.5"D x 4.5"H (133 x 368 x 114mm)

Secure 3-Compartment

#050-00740 Space requirement: 5.0" (127mm)

Secure laptops, electronic pads, digital cameras, video/audio recording devices, cell phones, evidence, etc. Designed for use at check points, security offices or personal storage. All compartments are secured with their own private lock and 2 keys.

Each Individual Compartment: 10.25"W x 14.5"D x 4.5"H (260 x 367 x 114mm)

Secure Rack Mount Cabinets

Pro Series

DASCO PRO 1 & PRO 2 Cabinets are engineered for deeper servers. We've made the cabinets narrower (25" or 635mm) overall and increased the depth to 36" (914mm) – with an internal useable depth of 32" (813mm). The outer mobile dolly can be used for all Pro Series rack mount cabinets for secure transport during planned maintenance.

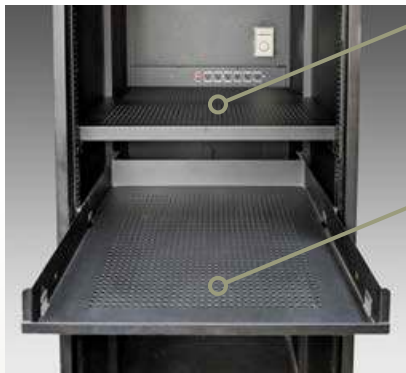

#050-97225 Pro 1 Cabinet

Secure Rack Mount Cabinets

Pro Series

DASCO PRO 3 Cabinet is engineered for deep servers. We've made it narrower overall (25" or 635mm) and deeper (44" or 1118mm) with an inside useable depth of 402" (1016mm). The outer mobile dolly can be used for all Pro Series rack mount cabinet for secure transport during planned maintenance.

- #050-97244 **Pro 3 Cabinet**
77"H x 25"W x 36"D (1956mm x 635mm x 914mm)
- #050-87744 Internal base for relay rack
- #050-87722 Relay Rack (54"H / 29U)
- #050-87724 Outer mobile dolly
(NSN 5975-20-009-2313)

Cable Management Hang Bar
The cable management bar prevents wires from crimping and other damage when sliding your equipment in and out.

Full-Height Brushes
The Pro 3 comes standard with full-height brushes on the sides of the door to contain inner air flow and limit dust and dirt.

Thermostat Control
Cool your equipment and maintain a consistent temperature with the thermostat control, installed in the back of Pro Series cabinets.

Power Outlets
Every Pro Series cabinet comes with a 6-outlet power bar and 110V wiring. 220V wiring is available on request.

Inner Cable Security Flap
The inner cable security flap allows cables to enter the cabinet, but doesn't have enough space to allow fingers or other tampering tools ensuring your equipment is always secure.

Secure Rack Mount Cabinets

#050-87229
(NSN 7125-21-907-5974)

77"H x 36"W x 28"D (1956mm x 914mm x 711mm)
Internal Depth 24" (610mm)

#050-87265
(NSN 5975-50-000-4059)

77"H x 36"W x 31"D (1956mm x 914mm x 787mm)
Internal Depth 27" (686mm)

Applications

- Hubs
- Switches
- Routers
- Communications Equipment
- Crypto

The rack can be locked into place on the mobile dolly, so that equipment can be moved, serviced or stored in another location.

Cabinet Components:

19" Relay Rack

19" Relay Rack has all steel wheels that lock into the guide track. The rack, when rolled inside the container, locks securely into place to eliminate accidental roll. **#050-87719**

Cable Management Trough

The cable management trough keeps cables secured and out of sight. **#050-97046**

Interior Base

The interior base is designed to fit snug inside both containers. The steel guide tracks ensure years of safe storage and dependability. **#050-87730**

(NSN 5975-20-000-4056)

Outer Mobile Dolly

The mobile external base can be rolled into position and aligned with interior base tracking. The two components then lock together allowing you to roll out the relay rack. Once rolled out and locked onto the mobile, equipment can be easily accessed for removal, installation or service.

#050-87725
(NSN 5975-20-000-4050)

*Only one required per location

Secure CRYPTO Cabinets for Taclane Application

Specifically designed to secure Crypto servers, this container allows for:

- access control
- reduced security violations
- augments secure room

Crypto cabinets available in two heights.

Overall dimensions including fan housing:

#050-75165 (NSN 5975-21-921-4548) 56.5"H x 36"W x 31.25"D (1435mm x 914mm x 794mm)

#050-87231 (NSN 5975-50-000-4059) 77"H x 36"W x 31.25"D (1956mm x 914mm x 794mm)

Secure PC & STE/FAX Cabinets

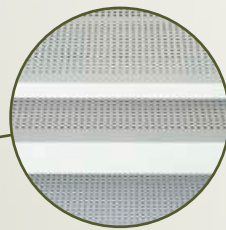

Optional: 050-87237
Full Suspension, heavy duty rotating shelf to accommodate fax, printer etc..

#050-87729

Unit is 72"H (77"H to top of fan) x 36"W x 28"D
(1829mm x 914mm x 711mm)

(220V unit available, please call)

Aerated shelves for increased airflow

The top 2 shelves are: **#050-87330** Perforated Fixed Shelf
3rd shelf down: **#050-87332** Perforated roll-out Keyboard Shelf
Bottom shelf: **#050-87333** Perforated roll-out Printer/Server Shelf

Secure Powered Laptop Cabinets

Built-In 550 CFM Fan

The built-in fan has an automatic ON/OFF switch that engages on tambour door closure and disengages on tambour door opening.

#050-00792

Double-Wide Switch Shelf

Include a double-wide switch shelf to keep your server and networking in one secure location. Update and maintain your laptops quickly and conveniently with an interior mounted switch.

Space required:

Approx. 4.5" - 5.5" with switch mounted

AVAILABLE in BLACK ONLY

Cabinet on Left is #050-76300, shown with 9 ea #050-00747 Powered Laptop Drawers with lockable lids.

Part # 050-76300

69.5"H x 36"W x 24" (1765mm x 914mm x 610mm)
Height including fan housing.

INTERNAL Useable Height:
51.5" (1308mm)

DRAWER OPTIONS

#050-00746

Powered Laptop Drawer (No Lids)

Powered Laptop Drawers come complete with a 2-outlet power bar. **Space required:** 3.5" (89mm)

#050-00747

Secure Laptop Drawer

Will accept 15" x 13.5" (381mm x 343mm) laptops. Drawers come with a 2-outlet power bar and has two chambers with lockable lids. **Note:** Each lid is keyed differently to all other lids in the cabinet or cabinets unless specified. Master Keys available. **Space required:** 5.5" (140mm)

#050-00771

Pre-Cable Installation

We offer the service of PRE-CABLING your laptop cabinet. When your container arrives all cables are installed into each drawer and cables are pre-labeled at both ends for ease of identification.

#050-00770

Cable Management Arms

Recommended if drawers are going to have network cables installed. Cable arms are pre-installed and keep network cables from being crimped or damaged when rolling out drawers.

#050-00767

Caster Base for Double-Wide Laptop Container

Turn your double-wide laptop cabinet into a mobile unit with a caster base. This heavy-duty base comes complete with 4 wheels that can be locked to prevent movement.

#050-00768

Cable Management Raceway Option

A Cable Management Raceway is recommended when networking your laptop container. Cable raceways have removable covers and flexible fingers to allow cables to enter or exit at any point.

Powered Storage Components

Outer Mobile Dollies

An outer mobile dolly makes transporting your equipment quick and easy. Slide your server onto the dolly, lock it in place and go. Perfect for maintenance.

(Designed for use with Pro 3 Cabinet)

2-Post Rack Mount Shelves 140-12286

Add a shelf to your 2-post rack mount system for additional storage space. It's great for storing and transporting switches, crypto equipment and other sensitive, powered gear.

Powered Storage Components

Full-Suspension, Heavy-Duty Rotating Shelf

#050-87237 28"D Cabinets only

Store heavy equipment that needs to be readily accessible, like printers, scanners, fax machines. Easily store larger items and items with trays using the built in turn table.

Perforated Keyboard Shelf with Wings

#050-87332 28"D Cabinets only

This shelf provides easy access to your keyboard and mouse - effectively turning your container into a work station. The wings are great for holding reference documents and other supplies and the perforated features allows for increased airflow.

Floor Anchors

#050-97300

Any Dasco secure cabinet can be anchored to the floor for additional security. Prevent the cabinet from tipping or being re-located with anchors that are bolted to the base and floor.
